Sommario/riassunto

This collective work of a renowned group of scholars, *Governing Ocean Resources: New Challenges and Emerging Regimes*, edited by Jon M. Van Dyke, Sherry P. Broder, Seokwoo Lee and Jin-Hyun Paik, examines the current state of the Law of the Sea today, offers a variety of new approaches to the field, and serves as a tribute to the late Judge Choon-ho Park, whose profound depth of learning and indomitable spirit of optimism regarding the possibilities of reform and improvement comprised an immense contribution to the study of the Law of the Sea. The wide range of topics covered includes Maritime Boundary Delimitations, Claims to the Extended Continental Shelf, the International Tribunal for the Law of the Sea, Military Activities in the Exclusive Economic Zone, Piracy, Fishery Management, and Climate Change. Published under the auspices of the Law of the Sea Institute (LOSI), this important collection will be of considerable interest to scholars in the area of ocean law and marine resource management.
