Sommario/riassunto	This multi-faceted collection of research papers on Advice in Discourse focuses on advisory practices in different contexts. Data is drawn from academic, educational and training settings, health-related practices, and computer-mediated communication. The languages involved are Cantonese, English, Finnish, Japanese, Spanish and Russian. The chapters treat professional and institutional practices, practices that contain peer interaction within an institutional framework, and non-institutional peer interaction, as well as solicited and non-solicited advice in written and spoken form. The work re
