The Text of Early Medieval Grammar; Postlude; References; Index; The series Studies in the History of the Language Sciences |
| | Sommario/riassunto | This study focuses on the uses of the grammatical concept of etymologia in primarily Latin writings from the early Middle Ages. Etymologia is a fundamental procedure and discursive strategy in the philosophy and analysis of language in early medieval Latin grammar, as well as in Biblical exegesis, encyclopedic writing, theology, and philosophy. Read through the frame of poststructuralist analysis of discourse and the philosophy of science, the procedure of the ars grammatica are interpreted as overlapping genres (commentary, |
