Sommario/riassunto	Traditionally in the West, children were expected to "know their place," but what does this comprise in a contemporary, globalized world? Does it mean to continue to accept subordination to those larger and more powerful? Does it mean to espouse unthinkingly a notion of national identity? Or is it about gaining an awareness of the ways in which identity is derived from a sense of place? Where individuals are situated matters as much if not more than it ever has. In children's literature, the ...
