Sommario/riassunto	Teaching World Languages for Social Justice: A Sourcebook of Principles and Practices offers principles based on theory, and innovative concepts, approaches, and practices illustrated through concrete examples, for promoting social justice and developing a critical praxis in foreign language classrooms in the U.S. and in wider world language communities. For educators seeking to translate these ideals into classroom practice in an environment dominated by the current

standards movement and accountability measures, the critical insights on language education offered in this text will be
