Collana	Bloomsbury academic collections : economics
Disciplina	337 343.07
Soggetti	International economic relations
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"First published in 1980"--Title page verso.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	pt. 1. General principles and the charter of economic rights and duties of states -- pt. 2. Transnational corporations and transfer of technology -- pt. 3. Law of the Sea and the NIEO -- pt. 4. Permanent sovereignty over natural resources.
Sommario/riassunto	"Legal Aspects of the New International Economic Order draws together the results of discussions from the 58th Conference of the International Law Association held in Manila in September 1978. Many there, including a number of contributors to this insightful book, felt that proposals for the establishment of a new international economic order bristled with complex legal issues, which merited the serious attention of lawyers. Moved by the conviction that these proposals aimed at restructuring international economic relations and effective a global redistribution of wealth and power, presented a challenge to legal creativity, the Conference adopted a resolution urging the International Law Association to undertake a study of the Legal Aspects of a New International Economic Order. Legal Aspects of the New International Economic Order draws together the papers that came from that study, to offer a fascinating and powerful examination of the legal challenges thrown up by the establishment of this new order."--Bloomsbury Publishing.
