Sommario/riassunto	Child and Family Assessment is based on Ian Wilkinson's extensive experience of working with troubled children and families over the last twenty years. This completely revised and updated edition of Family Assessment (Gardner Press, 1993) combines a clear summary of current knowledge with practical, detailed and adaptable procedures

for practitioner use. Part one reviews the literature on child and family assessment; part two discusses the practical issues involved and provides detailed guidelines for practitioners; a final part examines the relationship between clinical
