Sommario/riassunto	This book discusses one of the most actual subjects, namely the attempt to surpass the limits of contemporary scientific paradigm, by presenting some of the problems of archaeology trying to approach the spirituality of the Past. It brings together some of the archaeologists from Western and Eastern Europe, and the USA, who, more or less obviously, have used their experientiality to approach the concepts of life (or cosmovision) of ancient peoples' mystic experience. The book intends to pres...
