Sommario/riassunto	Healthcare faces unprecedented global challenges. Rapid advances in genomics, computational sciences, and technology -- as well as the new focus on value-based care and an increased trend toward healthcare commercialization -- represent disruptive changes to an already-fragmented delivery system. The healthcare establishment has been slow to adapt, and now faces rising cancer-care costs and lags in outcome improvement and genomically informed interventions. Managing Disruptive Change in Healthcare codifies the US National Cancer Institute's lessons from utilizing a public-private partnership w
