Sommario/riassunto	Ideological and educational-political aspects of the link between language and faith-especially between Global English and Christianity-is a topic of growing interest in the field of English language teaching. This book explores the possible role and impact of teachers' and students' faith in the English language classroom. Bringing together studies representing a diversity of experiences and perspectives on the philosophies, purposes, practices, and theories of the interrelationship of Christianity and language learning and teaching, it is on the front

line in providing empirical data that
