Nota di contenuto	Foreword / Peter Ewell -- The purposes of credentials : how they work -- The promise of abundance : an opportune environment -- The problems of proliferation : a risky environment -- The associate degree -- The bachelor's degree -- The master's degree -- The doctorate -- Nondegree credentials : certificates -- Nondegree credentials : certifications, licenses, and other options -- Apprenticeships : a special case -- Quality and equity in the credentials marketplace -- Academic leadership at a critical time.
Sommario/riassunto	"The credentials environment grows more complicated by the day, but this book answers key questions which help us understand why we must grapple with those complexities. The authors offer a broad view of the credentials environment, focus on categories of credentials, from the associate degree to doctoral degrees to non-degree credentials,

and consider the implications for higher education leadership in volatile times"--
