Sommario/riassunto	Sedimentology Review is a new series of books edited by the Postgraduate Research Institute of Sedimentology (PRIS) and published by Blackwell Scientific Publications. The series provides the practicing sedimentologist with a means of rapidly accessing new developments in sedimentology. Existing textbooks date rapidly and new journals continuously become available, making it difficult to remain current in all aspects of the subject. The series provides high quality reviews written in an accessible format, on a wide variety of topics in

sedimentology-sedimentary geology. The series will
