

1. Record Nr.	UNINA9910830059303321
Autore	Penttinen Jyrki T. J.
Titolo	5G second phase explained : the 3GPP release 16 enhancements // Jyrki Teppo Juho Penttinen
Pubbl/distr/stampa	Hoboken, New Jersey : , : John Wiley & Sons, Inc., , [2021] ©2021
ISBN	1-119-64553-0 1-119-64555-7 1-119-64556-5
Descrizione fisica	1 online resource (315 pages)
Disciplina	621.3845/6
Soggetti	5G mobile communication systems Long-Term Evolution (Telecommunications)
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	"This book presents the new key functionalities of the Release 16 complementing the first phase of the 5G. The proposed book is thus an addition to the contents of the already published '5G Explained' book, providing further descriptions to understand the complete picture of the full version of the 5G. Whereas the first book present the base, this second book complements it by presenting up-to-date functionalities of the Release 16, and some of the indications of the technological topics under work for the forthcoming Release 17 and beyond. This new book adds relevant descriptions in a modular way so that the reader can reference both books"--Introduction.
