## Sommario/riassunto

A World Wide Rave! What the heck is that? A World Wide Rave is when people around the world are talking about you, your company, and your products. It's when communities eagerly link to your stuff on the Web. It's when online buzz drives buyers to your virtual doorstep. It's when tons of fans visit your Web site and your blog because they genuinely want to be there. Rules of the Rave:Nobody cares about your products (except you).No coercion required.Lose control.Put down roots.Point the world to your (virtual) doorstep. You can trigger a World
