Recent Trends in Chinese Philosophy in China and the WestAn Onto-Hermeneutic Interpretation of Twentieth-Century Chinese Philosophy: Identity and Vision; Glossary; Index

Sommario/riassunto

Contemporary Chinese Philosophy features discussion of sixteen major twentieth-century Chinese philosophers. Leading scholars in the field describe and critically assess the works of these significant figures. Critically assesses the work of major contemporary Chinese philosophers that have rarely been discussed in English. Features essays by leading scholars in the field. Includes a glossary of Chinese characters and definitions.
