|-------------------------|--|
| 1. Record Nr. | UNINA9910830229903321 |
| Titolo | Hit and lead profiling : identification and optimization of drug-like molecules |
| Pubbl/distr/stampa | [Place of publication not identified], : Wiley VCH, 2009 |
| ISBN | 3-527-62744-8 |
| Collana | Methods and principles in medicinal chemistry Hit and lead profiling |
| Soggetti | <p>Drugs - Design</p> <p>Drugs - Structure-activity relationships</p> <p>Pharmaceutical chemistry</p> <p>Pharmacological Phenomena</p> <p>Biochemical Phenomena</p> <p>Pharmacological Processes</p> <p>Chemistry, Pharmaceutical</p> <p>Investigative Techniques</p> <p>Physiological Phenomena</p> <p>Analytical, Diagnostic and Therapeutic Techniques and Equipment</p> <p>Chemical Phenomena</p> <p>Pharmacology</p> <p>Chemistry</p> <p>Physiological Processes</p> <p>Phenomena and Processes</p> <p>Natural Science Disciplines</p> <p>Biological Science Disciplines</p> <p>Disciplines and Occupations</p> <p>Drug Discovery</p> <p>Drug Interactions</p> <p>Structure-Activity Relationship</p> <p>Health & Biological Sciences</p> <p>Pharmacy, Therapeutics, & Pharmacology</p> |
| Lingua di pubblicazione | Inglese |
| Formato | Materiale a stampa |
| Livello bibliografico | Monografia |
| Note generali | Bibliographic Level Mode of Issuance: Monograph |
