Record Nr. UNINA9910830229903321

Titolo Hit and lead profiling: identification and optimization of drug-like

molecules

Pubbl/distr/stampa [Place of publication not identified], : Wiley VCH, 2009

ISBN 3-527-62744-8

Collana Methods and principles in medicinal chemistry Hit and lead profiling

Soggetti Drugs - Design

Drugs - Structure-activity relationships

Pharmaceutical chemistry
Pharmacological Phenomena
Biochemical Phenomena
Pharmacological Processes
Chemistry, Pharmaceutical
Investigative Techniques
Physiological Phenomena

Analytical, Diagnostic and Therapeutic Techniques and Equipment

Chemical Phenomena

Pharmacology Chemistry

Physiological Processes Phenomena and Processes Natural Science Disciplines Biological Science Disciplines Disciplines and Occupations

Drug Discovery
Drug Interactions

Structure-Activity Relationship Health & Biological Sciences

Pharmacy, Therapeutics, & Pharmacology

Lingua di pubblicazione Inglese

Formato Materiale a stampa

Livello bibliografico Monografia

Note generali Bibliographic Level Mode of Issuance: Monograph
