Sommario/riassunto

This critical engagement with Doreen Massey's ground-breaking work in geographic theory and its relationship to politics features specially commissioned essays from former students and colleagues, as well as the artists, political figures and activists whose thinking she has helped to shape. It seeks to mark and take forward her compelling contributions to geographical theorizing and political debate. High profile contributors include Lawrence Grossberg, Chantal Mouffe, Jamie Peck and Jane Wills. The global reach and significance of Massey's work recommends this volume to
