

1. Record Nr.	UNINA9910830256703321
Autore	Symposium CIBA Foundation
Titolo	Regulation and Mode of Action of Thyroid Hormones [[electronic resource] ] : Volume 10: Colloquia on Endocrinology
Pubbl/distr/stampa	Hoboken, : Wiley, 2009
ISBN	1-280-59084-X 9786613620675 0-470-71902-8 0-470-71649-5
Descrizione fisica	1 online resource (346 p.)
Collana	Novartis Foundation Symposia ; ; v.890
Disciplina	599.01 599.0133
Soggetti	Endocrine System Diseases Endocrinology Thyroid hormones -- Congresses Thyroid Hormones Human Anatomy & Physiology Health & Biological Sciences Animal Biochemistry
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di contenuto	CIBA FOUNDATION COLLOQUIA ON ENDOCRINOLOGY VOLUME 10; CONTENTS; Chairman's opening remarks; Hypothalamus-pituitary - thyroid relationships; Discussion; Contribution to the regulation of thyroid activity; Discussion; The influence of the central nervous system on the control of thyrotrophin secretion; Discussion; Pituitary cytology in relation to thyrotrophic hormone secretion; Discussion; Effects of hypophysectomy on organic iodine formation in rat thyroids; Discussion; Factors influencing the thyroidal iodide pump; Discussion; The "feed-back" hypothesis of the control of thyroid function Discussion; General Discussion; Hormone synthesis in the iodine-deficient thyroid gland; Discussion; Enzymic aspects of thyronine metabolism and its iodinated derivatives; Discussion; The metabolism

of thyroid hormones by kidney and the biological activity of the products; Discussion; On the presence of 3 : 5 : 3'-triiodothyroacetic acid and 3 : 3'-diiodothyronine in rat muscle and kidney after administration of 3 : 5 : 3'-triiodo-L-thyronine; Discussion; The distribution and metabolism of thyroid hormones; The deiodination of thyroid hormones in vitro; Discussion; General Discussion  
Hepatic regulation of thyroxine metabolism Discussion; Thyroid hormones at the peripheral tissue level: metabolism and mode of action; Discussion; Cellular actions of thyroxine and similar compounds; Discussion; Some observations on the clinical effects of triiodothyroacetic acid; Discussion; The influence of the thyroid gland upon immune responses of different species to bacterial infection; Discussion; General Discussion
