Sommario/riassunto

Big Money, Less Risk: Trade Options will put the income boosting power of strategies like writing covered calls, selling naked put options, and placing vertical spread trades or iron condors in your hands. Mark Larson has become one of the most sought after trading educators because of his ability to make once elusive investment approaches accessible to every trader. Success in the stock market is determined by consistently making money every month, not closing your eyes and hoping you can afford to retire. With this book, Larson divulges the secrets to making your money work for you instead.
