Sommario/riassunto

This reader brings together original and influential recent work in the field of early modern European history. Provides a thought-provoking overview of current thinking on this period. Key themes include evolving early-modern identities; changes in religion and cultural life; the revolution of the mind; roles of women in early-modern societies; the rise of the modern state; and Europe and the new world system. Incorporates new scholarship on Eastern and Central Europe. Includes an article translated into English for the first time.
