Sommario/riassunto	From one of the world's most respected authorities on precious metals investment-a thoroughly researched volume on the investment prospects for silver, the other gold. Gold, outperforming stocks for over a decade, has finally been recognized as a serious asset class to be included in any solid, diversified investment portfolio. Considering present inflationary concerns related to accelerating fiscal crises in Europe, the United States and likely Japan in the years ahead, gold is widely held in the largest professionally-managed portfolios in the

world. But silver, which
