

1. Record Nr.	UNINA9910830528403321
Titolo	Lignocellulosic biorefining technologies // edited by Anivash P. Ingle, Anuj Kumar Chandel, Silvio Silverio da Silva
Pubbl/distr/stampa	Hoboken, New Jersey : , : Wiley Blackwell, , [2020] ©2020
ISBN	1-119-56883-8 1-119-56885-4 1-119-56881-1
Descrizione fisica	1 online resource (372 pages)
Disciplina	662.88
Soggetti	Lignocellulose - Biotechnology Biomass - Industrial applications Biomass energy
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	"This book focuses on the recent advances and development of novel technologies in the production of various high value products from economically viable raw materials. Moreover, it covers various important topics specifically on production of different economically important and sustainable products such as various biofuels, organic acids, biopigments, biosurfactants. This informative book features important chapters written by one or more specialists in the concerned topic, which has wide scope for students, researchers and scientists working in various disciplines"--
