Sommario/riassunto	"With this timely book, author Chris Waltzek of GoldSeek Radio will help you find investing safe havens and show you how to turn the economic downturn into a unique wealth-building experience. As long as stocks continue to post new highs and surprising lows, investors will need strong strategies to profit. Money management and long-term trend identification are the keys to investing success. The book includes a proprietary investing system which targets the widest possible array of global indexes with low correlations. Wealth Building Strategies in Energy, Metals and Other Markets looks at what is next for the housing market and the energy market. He also shows you how to understand and profit from the rush on precious metals. Which each chapter, Waltzek breaks down major topics such as banking, credit, inflation and deflation, and the mortgage bubble, and shows you what to expect. Each chapter ends with questions from frequently asked questions from readers and expert answers. The book is the key to

turning your finances around and continued successful investing."--
