Sommario/riassunto	The world of banking is changing dramatically as a result of regulation, technology and society. New developments in the past three years include advances in regulatory change, the impact of China and India; from the latest technologies to impact bank services, to the latest experiments with a cashless society. The Future of Banking in a Globalised World provides an entertaining yet informative look at the world of banking and chronicles the radical changes that have occurred in the industry over the past three years. Renowned analyst and international speaker, Chris Skinner assesses
