

1. Record Nr.	UNINA9910830645103321
Autore	Hochberg Yosef
Titolo	Multiple comparison procedures / / Yosef Hochberg, Ajit C. Tamhane [[electronic resource]]
Pubbl/distr/stampa	New York, : Wiley, c1987
ISBN	0-470-31667-5 0-470-31734-5
Descrizione fisica	1 online resource (xxii, 450 p. ) : ill. ;
Collana	Wiley series in probability and mathematical statistics. Multiple comparison procedures Wiley series in probability and mathematical statistics. Applied probability and statistics, , 0271-6356
Altri autori (Persone)	TamhaneAjit C
Disciplina	519.5/35
Soggetti	Multiple comparisons (Statistics) Statistics as topic Mathematics Physical Sciences & Mathematics Mathematical Statistics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes indexes.
Nota di bibliografia	Bibliography: p. 417-438.
Sommario/riassunto	Offering a balanced, up-to-date view of multiple comparison procedures, this book refutes the belief held by some statisticians that such procedures have no place in data analysis. With equal emphasis on theory and applications, it establishes the advantages of multiple comparison techniques in reducing error rates and in ensuring the validity of statistical inferences. Provides detailed descriptions of the derivation and implementation of a variety of procedures, paying particular attention to classical approaches and confidence estimation procedures. Also discusses the benefits and drawbacks of other methods. Numerous examples and tables for implementing procedures are included, making this work both practical and informative.
