

1. Record Nr.	UNINA9910830652103321
Titolo	Unexpected challenges in vascular surgery [[electronic resource] /] / [edited by Alain Branchereau, Michael Jacobs]
Pubbl/distr/stampa	Malden, Mass., : Blackwell Pub., c2005
ISBN	1-281-31025-5 9786611310257 0-470-76031-1 0-470-76004-4
Descrizione fisica	1 online resource (276 p.)
Collana	European Vascular Course ; ; v.5
Altri autori (Persone)	BranchereauAlain JacobsMichael, MD.
Disciplina	617.413
Soggetti	Blood-vessels - Surgery Blood-vessels - Surgery - Complications
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di contenuto	Aortic neck problems during open surgery (excluding ruptured aaa) / R. Chiesa -- Aortic neck problems during EVAR / M. Malina -- Unexpected anatomy and aortic surgery / P. Julia -- Complex endovascular grafting of the thoracic aorta: inadequate landing sites and aortic dissection / R. Greenberg -- Late aortic wall perforation after thoracic endoaortic reconstruction / J.R. Allenberg -- How to deal with ureteral lesions during and after aortic reconstruction / P. Bonnet -- Unintentional occlusion of the renal arteries during EVAR / J.P. Becquemin -- Ruptured mycotic aortic aneurysms / A. Nevelsteen -- Reconstruction of the totally calcified aorta / A. Branchereau -- Challenging aortic clamping in ruptured AAA / J. Wolfe -- Distal embolization during aneurysmal surgery: from blue toe syndrome to fatal stroke / G. Hamilton -- Paraplegia and stroke occurring perioperatively during thoracic stent grafting / G.W. Schurink -- Unexpected difficulties during laparoscopic aortic anastomoses / O. Goeau-Brissonniere -- Abnormalities requiring immediate correction based on intraoperative control of carotid reconstruction / P. Taylor -- Unexpected situations

after carotid PTA / P. Cao -- Unintentional coverage of the carotid artery during stent grafting / A. Alric -- Critical limb ischemia with totally calcified arteries / J. Swedenborg -- Occlusion of the leg arteries during infrainguinal PTA / A. Stella -- Unexpected causes for acute ischemia / M. Lepantalo -- Luck, intuition or systematic approach: what is behind the successful management of an unexpected challenge in vascular surgery? / A. Clara, F. Vidal-Barraquer -- Steal syndrome: the sword of Damocles of arteriovenous access surgery / V. Mickley -- Unexpected challenges in arterial surgery performed without previous angiography / P. Gouny -- Arterial dissection and rupture during endovascular procedures / V. Riambau -- Stent and endograft displacement and migration / J. Buth -- Endovascular aids for controlling open surgical bleeding / W. Wisselink -- Ligature and removal of the femoral vein and other disasters in varicose vein surgery / M. Enzler.

Sommario/riassunto

Provides vascular and endovascular surgeons with the skills and techniques needed to solve unforeseen intraoperative complications
