Sommario/riassunto

Corporate Boards: Managers of Risk, Sources of Risk deals with the highly timely topic of the Corporate Board and its relationship to risk, both in terms of its management and its creation. Utilizes a multi-disciplinary perspective which draws on the fields of economics, law, business ethics, and corporate social responsibility. Features a range of topics including the role of corporate boards in overseeing increasingly complex risk management techniques and the ethical dimensions of corporate board behavior in managing risk. Of interest to students, scholar
