

1. Record Nr.	UNINA9910830738703321
Titolo	Bioenergy . 5 / / edited by Judy D. Wall
Pubbl/distr/stampa	Washington, D.C. : , : John Wiley & Sons, Inc., , 2008
ISBN	1-68367-145-7
Descrizione fisica	1 online resource (xvi, 437 pages)
Disciplina	662.88
Soggetti	Biomass energy
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	In this landmark volume, world-renowned experts explore the possible contributions of microbes to the next generation of fuels. In 31 detailed chapters, Bioenergy provides thorough explanations of the current knowledge and future areas for research on microbial energy conversions.
