Sommario/riassunto	Bringing together a wealth of images of normal and diseased dog and cat ears, this is an indispensable diagnostic tool for the small animal veterinary practitioner seeing ear cases on a regular basis. This fully illustrated atlas covers the anatomy of the canine and feline ear, diagnostic techniques, a range of commonly seen diseases, and ear surgery. Atlas of Ear Diseases of the Dog and Cat is one of the most complete picture references for this rapidly expanding branch of small animal medicine and surgery. It is an invaluable aid for general practitioners, as well as those specialis

Sommario/riassunto

This essay was written in 1878 by I. Goldziher, who is considered one of the founders and greatest masters of Islamic studies in Europe. He examines the origin and early history of Arabic grammar and some features of its later development with special regard to the cultural historical aspects of the question. Goldziher draws a picture of the most important trends and attitudes in the Arabic linguistics of the Middle Ages. The author's comprehensive historical approach enables him to integrate small, seemingly unconnected pieces into a whole system, fitting into our knowledge of other fields of
