market

Sommario/riassunto

"This is a very timely book. With the recapitalization and reform of China's banking sector now well under way, the banks are on the brink of a new era of growth and expansion. This work is the definitive reference on the banking sector in China, and is an essential tool for anyone seeking to understand the dynamics of financial intermediation on the Mainland. It sets out the facts, free of the judgment calls that so often cloud the true picture of the health of China's banking system."
--Dr. David K.P. Li, Chairman and Chief Executive, The Bank of East Asia, Limited
As China con
