Sommario/riassunto	An accessible beginner's guide to the fundamentals of audit and assurance Audit and assurance is a basic and vital aspect of the financial world and a key element of all professional accountancy programs. Whereas professional training on the topic frequently immerses students in too much detail while glossing the basics, this book begins with the fundamentals and expands to cover the details in a more measured way. With practical examples and end-of-chapter

examples, External Audit and Assurance Essentials breaks down a difficult and challenging field of professional ac
