

1. Record Nr.	UNINA9910830938503321
Autore	Kreuzer Helen
Titolo	Biology and Biotechnology : Science, applications, and issues / / Helen Kreuzer, Adrienne Massey
Pubbl/distr/stampa	Washington, District of Columbia : , : John Wiley & Sons, Inc, , 2014 ©2005
ISBN	1-68367-194-5 1555813046 \$q (imprès)
Descrizione fisica	1 online resource (xvi, 669 pages) : illustrations
Disciplina	912.09468
Soggetti	Microscope and microscopy Microscopes Natural-history - Pre-Linnean works Biology Biotechnology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Perspective -- From atoms to organisms -- From organisms to ecosystems -- Research applications -- Commercial applications.
Sommario/riassunto	"Biology and Biotechnology: Science, Applications, and Issues offers an inviting exploration of biotechnology, carefully blending science, consumer applications, regulatory information, and social issues. Providing a strong basis in the fundamentals of biological science, the book focuses on the material that is needed to understand and evaluate technologies that are available to consumers. Biology and Biotechnology is largely intended for undergraduate nonmajor science courses; however, biology majors will benefit from the unique perspective.
