Sommario/riassunto	Richard Arms is one of the world's most respected stock market technicians. His expertise in this field is unparalleled, and now, with Stop and Make Money, he reveals how to profit from short-term price movements in the stock market-whether you're buying or selling short- by accurately interpreting price/volume information and effectively employing stop orders to enter and exit positions. With this book as your guide, you'll quickly discover how to anticipate short-term stock market moves and improve your overall trading activities.
