| Note generali           | Description based upon print version of record.   |
| Nota di bibliografia    | Includes bibliographical references and index.  |
| Nota di contenuto       | Digital communications via linear, distorting channels -- Precoding schemes -- Signal shaping -- Combined precoding and signal shaping.   |
| Sommario/riassunto      | Provides a step-by-step description of the basics of precoding and signal shaping. * Illustrates theory with examples from wireline and wireless communications. * Discusses the role of precoding and signal shaping algorithms in communications standards. |
