Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	<p>The earliest environmental criticism took its inspiration from the Romantic poets and their immersion in the natural world. Today the "romanticising" of nature has come to be viewed with suspicion. Written by one of the leading ecocritics writing today, <i>Reclaiming Romanticism</i> rediscovers the importance of the European Romantic tradition to the ways that writers and critics engage with the environment in the Anthropocene era. Exploring the work of such poets as Wordsworth, Shelley and Clare, the book discovers a rich vein of Romantic ecomaterialism and brings these canonical poets into dialogue with contemporary American, Canadian and Australian poets and artists. Kate Rigby demonstrates the ways in which Romantic ecopoetics responds to postcolonial challenges and environmental peril to offer a collaborative artistic practice for an era of human-non-human cohabitation and kinship.</p>
