Operational and Commercial Use of Space by the End of 1970s and Privatization Process from 1990s to Nowadays -- 1.2.2.4 Abstract on CNES' Industrial Policy -- 1.2.3 Development and Management of Ground Facilities for Satellite and Launch Operations (Toulouse Space and Guiana Space Centres) -- 1.2.4 Shareholdings and Subsidiaries to Develop, Produce, and Market New Space Services -- 1.2.5 Public Interest Joint Organizations to Support Space-Related Research (GIP) -- 1.2.6 Participation, Along with the French Government, in the European Space Policy and Programs Governance (ESA and EU) -- 1.2.7 Responsibility in Defence' Space Segment Programs -- 1.2.8 Recurrent Space Operations -- 1.2.9 CNES as a Service Provider -- 1.3 Synthesis of Chapter 1 on CNES' Statute and Mission before the Advent of FSOA -- 2 Governance and Management -- 2.1 CNES' Administrative Authorities of Supervision - Space Policy Overall Organization and Functioning -- 2.1.1 CNES' Supervisory or Line Ministers (ministères de tutelle) -- 2.1.1.1 Overall Organization of the Government Supervision on Scientific and Technical Research and Space Policies -- 2.1.1.2 Supervision on Space Policy and CNES.

2.1.2 Interministerial Committees on Space Policy -- 2.1.2.1 The Space Research Committee and the Space Council (1959-1976) -- 2.1.2.2 Committee on Space Applications (1976-1979) -- 2.1.2.3 The Space Committee (1989-1992) -- 2.1.2.4 The CoSpace (from 2013) -- 2.2 CNES' Board of Directors and Executive Governance -- 2.2.1 Board of Directors' Competences -- 2.2.2 Committees Associated with the Board of Directors -- 2.2.2.1 The Board of Directors' Audit Committee -- 2.2.2.2 The Committee for Scientific Program (CPS) -- 2.2.2.3 Other Former Programs Committees -- 2.2.3 CNES' Chairman, Chief Executive Officer, Director-General and Deputy Director-General -- 2.2.3.1 Distribution of Powers Between the President and the Director-General since 1962 -- 2.2.3.2 The Current Powers of CNES' President, as Chief Executive Officer (CEO) -- 2.2.4 State Economic, Budgetary, and Financial Control: The General Controller -- 2.2.5 Public and Private Accountancy Rules: the Accounting Officer - the Statutory Auditors -- 2.2.6 Procurement Regulations: The Internal Procurement Commission -- 2.2.7 CNES' Staff Status -- 2.2.8 Synthesis on the Evolution of CNES' Governance Supervision -- 3 Resources and Associated Supervision and Audit -- 3.1 CNES' Budget Appropriation -- 3.2 Auditing Bodies (ex-post control) -- 3.2.1 The National Court of Auditors (Cour des Comptes) -- 3.2.2 The High Council for the Evaluation of the Research and the Higher Education (HCERES) -- 3.2.3 Other Specific High Level Assessment Missions or Appraisal Reports -- 4 Mission's Conditions of Implementation: Space Research and Development Programs -- 4.1 French National Program and International Cooperation -- 4.1.1 National Requirements -- 4.1.1.1 General Regime for CNES' Program Authorization -- 4.1.1.2 Specific Regime of Authorization on Space Operations and Space-Based Data (FSOA).

4.1.1.3 Other Prior Authorizations: National Security, Frequency Spectrum, Network and Services and Competition Law Compliance -- 4.1.2 CNES' International Cooperation Mechanisms -- 4.1.2.1 Traditional Building Blocks of CNES' International Space Cooperation -- 4.1.2.2 Other Forms of Arrangement -- 4.1.2.3 Common Features on International Cooperation Instruments -- 4.1.3 Implementation with Industry and Other Space Stakeholders -- 4.1.3.1 CNES as Public Procurement Actor -- 4.1.3.2 CNES' Partnership Policy -- 4.1.3.3 CNES' Subsidiaries and Holdings -- 4.2 CNES' Contribution to European Programs -- 4.3 Interactions Issues between CNES' Missions -- 4.3.1 The Issue of Potential Conflicts of Interests as Raised During FSOA's Law-Making Up Process -- 4.3.2 Focus on Mission Entrusted to the

CNES and Its President -- 4.3.3 Impact on CNES' Staff Regime
Regarding FSOA Officers -- 4.3.3.1 FSOA Basic Controllers (FSOA Art. 28) -- 4.3.3.2 Commissioned Officers (FSOA Art. 7) -- 4.3.3.3 Sworn Officers (FSOA Art. 10) -- 4.3.4 CNES' Traditional Activities as Technical Center and Space Operator Dealings with FSOA Delegated Activities -- 4.3.4.1 CNES Activities as Space Program Agency -- 4.3.4.2 CNES' Service Providing -- 4.3.5 CNES' Stock Participations and Partnerships with Private Companies -- 4.3.6 Conclusion -- Part II The French Space Operations Act -- 5 Rational for Space Law-Making in France -- 5.1 The 1990s Telecommunication Liberalization Momentum Expanded to Satellites Information Services -- 5.1.1 Privatization of Telecommunication Satellites Services -- 5.1.2 Privatization of Earth Observation Satellites Services -- 5.2 Privatization of Launch Base and Launcher Services -- 5.2.1 Agreements Between USA and Former USSR Countries Opening the Launch Services Market.
5.2.2 Agreements between the United States and China on the Commercialization of Launch Services -- 5.2.3 Common Features of Bilateral Agreements on Launch Services Negotiated by the United States with China, Ukraine, and Russia -- 5.2.4 Rules of the Road Discussions between the United States and Europe -- 5.2.5 Cooperation between Europe and Russia for the Commercialization of Soyuz Launch Services -- 6 The Development Stages of Legislation on Space Operations, from the First Studies in 1999 to its Entry into Force in December 2010 -- 6.1 Study Report 'The Legal Framework for Space Activities' from the Department of the Ministry in Charge of Space between 1999 and 2003 -- 6.2 Referral to the Council of State by the Prime Minister in July 2004 -- 6.3 The Study 'For a Legal Policy for Space Activities' Conducted by the Council of State between 2004 and 2006 -- 6.4 Development of the Bill by the Ministries between February and April 2007 -- 6.4.1 Addition of a Declaratory Regime for Operators of Space-Based Data -- 6.4.2 Explicit Exclusion of CNES from the Scope of the Law -- 6.4.3 Definition of the Regime of Investigation, Criminal Sanctions, and the Ascertainment of Offences -- 6.4.4 New Special Prerogatives for the State and CNES to Manage Emergencies -- 6.5 Legislative Scrutiny of the Law between July 2007 and May 2008 -- 6.5.1 First Reading at the Senate on 16 January 2008 -- 6.5.1.1 Implementation of a Licensing System Constituting Approval of Procedures and Systems -- 6.5.1.2 Consultation with the Operator for Emergency Measures -- 6.5.1.3 Restatement of the Powers of the President of CNES for Emergency Measures -- 6.5.1.4 Referral to a Single Article on CNES Competences under FSOA -- 6.5.1.5 Suppression of the Referral to an Overall Implementing Decree for the Law.
6.5.1.6 Recognition of the "Temporary Presence Exception" with Regard to Patent Infringement Seizure Actions -- 6.5.2 First Reading at the National Assembly on 9 April 2008 -- 6.5.2.1 Introduction of an Orbital Control Phase for Space Objects -- 6.5.2.2 Redrafting of the Definition of End of the Launch Phase -- 6.5.2.3 Simplification of the Authorization Procedure for Operations -- 6.5.2.4 Relaxing of Insurance Obligations -- 6.5.2.5 Consolidation of the Liability Regime for Damage Caused to Third Parties -- 6.5.2.6 Limitation on Recourse Action by the State (in Art. 14) -- 6.5.2.7 Creation of a 'License Constituting Authorization' -- 6.5.2.8 Strengthening CNES' Technical Compliance Mission as a Legal Entity -- 6.5.3 Final Reading at the Senate on 22 May 2008 and Promulgation -- 6.5.4 Finalization of Legislation on the State Guarantee in the Finance Act, following Validation by the European Union -- 6.5.4.1 The State Guarantee under the European Commission's prior Opinion of 23 October 2007 --

6.5.4.1.1 Singularity of the State Guarantee System for Space Damage
-- 6.5.4.1.2 Analysis of Compatibility -- 6.5.4.2 The State Guarantee
under Article 119 of the Finance Act of 30 December 2008 -- 6.5.5
Other Legislative Supplements Relating to the SOA: Amendment of the
Insurance Code in 2011 -- 6.6 Development of the Regulatory
Mechanism: Implementing Decrees between 2008 and June 2009 --
6.6.1 The Authorisation Decree of 2009 (D-A) -- 6.6.1.1 Administrative
and Financial Authorization Criteria -- 6.6.1.2 The Concept of
Technical Event -- 6.6.1.3 A New Procedure for Pre-Certification of
Procedures and Systems -- 6.6.1.4 Various Clarifications Brought on
some FSOA's Items -- 6.6.1.5 Adjustments to the Obligation for the
Operator to Take Out a Financial Guarantee or Insurance under Article 6
of the SOA.
6.6.1.6 Determination of the Date of Entry into Force of the Act.

Sommario/riassunto

This book provides a comprehensive study on space law and policy in France. It should be of assistance for all practitioners be they in the private or the public sector, for drafting or taking decisions on the matter of norms and agreements relating to space activities, such as contracts, partnerships, licensing, negotiations as well as the adoption of laws and regulations, and furthermore for all of those - scholars or practitioners - who have to interpret or implement these instruments.
