Livello bibliografico	Monografia
Nota di contenuto	Volume 3: Legal terminology : Properties of legal terminology -- National legal terminology in translation -- Legal terminology in multilingual organizations -- Terminological tools and resources -- Legal terminology in training contexts.
Sommario/riassunto	"As a core component of legal language used to draft, enforce and practice law, legal terms have fascinated lawyers, linguists, terminologists and other scholars for centuries. Third in the series, this Handbook offers a comprehensive compendium of the current state of knowledge on legal terminology. It is the first attempt to bring together perspectives from the domains of Terminology, Translation Studies, Linguistics, Law and Information Technology in a single place. This interdisciplinary endeavour comprises systematic reviews, case studies and research papers which overview key properties of legal terms and concepts, terminological tools and resources, training aspects, as well as translation in national contexts and multilingual organizations. The Handbook attests to the complex multifaceted nature of legal terminology and showcases its cultural, communicative, cognitive and social contexts in diverse legal systems. It is a rich resource for scholars, practitioners, trainers and students, presenting vibrant research and practice in this area"--
