Sommario/riassunto

An honest depiction of the challenges of trading and a clear explanation of what it takes to succeed. Trading tends to be a winner-take-all activity where a small number of traders are very successful, while the majority either lose money or generate relatively small profits. In *The Mental Strategies of Top Traders*, author Ari Kiev identifies and analyzes the characteristics of successful traders and shows you how to cultivate these same characteristics. Successful trading, Kiev asserts, requires an unusual and sometimes contradictory blend of intellectual and psychological ab
