Sommario/riassunto

Educational Testing provides support for those undertaking training in, and for training providers of, the Certificate of Competence in Educational Testing (CCET) (Level A). Developed by the British Psychological Society (BPS) the CCET aims to meet a need for standards for the use of tests in education in the UK, to encourage responsible test use by psychologists and non-psychologists alike. Written by the designers of the certificate and endorsed by the BPS's Steering Committee on Test Standards, Educational Testing is the only book of its kind available:<br
