Neo-age minstrelsy: Owning black bodies and EA sports

Sommario/riassunto

Part one of volume 33 of "Studies on Symbolic Interaction" contains seven outstanding contributions by leading symbolic interactionists in the 'Annual Blue Ribbon Papers Series' under the editorial leadership of Lonnie Athens. Part two, under the special issue editorship of Richard King, examines commodity racism: representation, racialization and resistance. Part three presents papers in the 'Annual Peter M. Hall Lecture Series' and Part four presents new interpretive works in the interactionist tradition. International in scope, the series draws upon the work of urban ethnographers, interpretive, constructionist, ethnomethodological, critical race, postcolonial, feminist, queer, and cultural studies traditions. The emphasis is on new thought and research. Essays which interrogate the intersections between biography, media, history, politics and culture are encouraged.

Sommario/riassunto	Die philosophische Entdeckung der Anderen stellt die Geburtsstunde der modernen Sozialphilosophie dar. Wie wir gesellschaftliches Miteinander verstehen, hangt davon ab, wie wir die Anderen sehen. Ob wir Anderen als Spiegelbilder unserer selbst, als Vertreter einer allgemein menschlichen Vernunft oder als unzugangliche Gegenuber begegnen, entscheidet daruber, ob wir das Soziale wesentlich als konflikthaft oder versohnt begreifen. Dieser Band fuhr anhand der wechselvollen philosophischen Problemgeschichte der Anderen in die Sozialphilosophie ein. Er gibt einen historischen wie systematischen Uberblick uber die wichtigsten Theorien und Positionen dieser aktuellen Teildisziplin und zeigt, dass eine Philosophie, die von der Erfahrung des Anderen als Anderem Rechenschaft abzulegen versucht, in eine Ethik der Alteritat mundet. »Die Studie Bedorfs liefert nicht nur eine lesenswerte und informative Einfuhrung in die Sozialphilosophie vor dem Hintergrund der Alteritat,

sondern öffnet die Philosophie für weitere Fragestellungen, die einen Brückenschlag zu benachbarten Wissenschaften nahelegt.« Apolonia Franco-Elizondo, *Journal Phänomenologie*, 37 (2012) »Auch für sozialphilosophische Quereinsteiger ein durchwegs brauchbares Instrument, sich möglichst schnell und dennoch gehaltvoll einen historischen und zugleich systematischen Überblick [...] zu verschaffen. « Bernhard Hofer, *soziologie heute*, 2 (2012) Besprochen in: *ekz-Bibliotheksservice*, 11 (2011), Ursula Homann www.lehrerbibliothek.de, Oliver Neumann, 5 (2014) *Bildpunkt*, 39 (2016), Jens Kastner
