

1. Record Nr.	UNINA9910842297203321
Autore	Kanhaiya Shyam
Titolo	Rivers of India : Past, Present and Future
Pubbl/distr/stampa	Cham : , : Springer International Publishing AG, , 2024 ©2024
ISBN	3-031-49163-7
Edizione	[1st ed.]
Descrizione fisica	1 online resource (274 pages)
Altri autori (Persone)	SinghSaurabh DixitArohi SinghAtul Kumar
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Intro -- Contents -- Geomorphological and GIS-Based Analysis of Catchment Areas in River Narmada, Central India -- 1 Introduction -- 2 Methodology -- 2.1 Study Area -- 2.2 Data and Methods -- 2.2.1 Extraction of River Watershed -- 2.2.2 Extraction of Drainage Network -- 2.2.3 Terrain Status -- 3 Results and Discussion -- 3.1 Aspect -- 3.1.1 Slope -- 3.1.2 Terrain Status -- 3.2 Linear Aspect -- 3.2.1 Stream Order -- 3.2.2 Stream Number -- 3.2.3 Stream Length -- 3.2.4 Mean Stream Length -- 3.2.5 Stream Length Ratio -- 3.2.6 Bifurcation Ratio -- 3.3 Aerial Aspects -- 3.3.1 Drainage Density -- 3.3.2 Drainage Frequency -- 3.3.3 Drainage Texture -- 3.3.4 Form Factor -- 3.3.5 Circulatory Ratio -- 3.3.6 Elongation Ratio -- 3.3.7 Length of Overland Flow -- 3.4 Relief Aspect -- 3.4.1 Basin Relief -- 3.4.2 Relief Ratio -- 3.4.3 Ruggedness Number -- 4 Conclusion -- References -- Role of Multipurpose River Valley Projects in the Agricultural Development of India Since Independence -- 1 Introduction -- 2 Materials and Methods -- 3 Irrigation Development as per Sources in India -- 3.1 Types and Sources of Irrigation -- 4 Water Resources in India -- 4.1 Water Bodies -- 4.2 Types of Water Sources -- 4.2.1 Surface Water -- 4.2.2 Groundwater -- 5 Different Types of Irrigation -- 5.1 Surface Irrigation -- 5.2 Ditch Irrigation -- 5.3 Localized Irrigation -- 5.4 Drip Irrigation -- 5.5 Overhead Irrigation -- 5.6 Sub-irrigation -- 5.7

Manual Irrigation -- 5.7.1 Flow Irrigation -- 5.7.2 Lift Irrigation -- 5.8
 Sources of Irrigation -- 5.8.1 Canal Irrigation -- 5.8.1.1 Inundation
 Canals -- 5.8.1.2 Perennial Canals -- 5.8.2 Wells and Tube Well
 Irrigation -- 5.8.3 Tank Irrigation -- 6 Development of Underground
 Sources of Irrigation in India -- 6.1 Groundwater Irrigation -- 7
 Intensity of Irrigation and Agricultural Development -- 8 Demand
 of Water in the Irrigation Sector.
 9 Irrigation Development in the Country During Different Plan Periods
 -- 10 Status of Irrigation Potential and Its Likely Phasing -- 11 Year-
 Wise Achievement of Irrigation Potential Created/Utilized Under Major,
 Medium, and Minor Irrigation of the XI Plan in India -- 12 Post-
 Independence Irrigation Development in India -- 12.1 Present Status
 of Irrigation Development in India -- 12.2 Irrigation in Twelfth Plan
 Period -- 13 National Water Grid System -- 13.1 Himalayan Component
 -- 13.2 Peninsular Component -- 13.3 Intra-state Interlinking of Rivers
 -- 14 Present Status of Interlinking of Rivers Program -- 14.1 Pros
 and Cons of River Interlinking -- 14.1.1 Conclusion -- References --
 Bibliography -- Response of the River Jhelum to Active Tectonics, NW
 Himalaya -- 1 Introduction -- 2 Tectonic-geomorphic Setting
 of the Kashmir Valley -- 3 Methodology -- 4 Results and Discussion --
 4.1 Sinuosity Index -- 4.2 Lateral Entrenchment Ratio -- 4.3 Stream
 Length Gradient Index -- 4.4 Braided Index (BI) -- 4.5 River Width
 Profiling -- 4.6 River Terraces -- 5 Summary and Conclusion --
 References -- Current Status of Pollution in Major Rivers
 and Tributaries of India and Protection-Restoration Strategies -- 1
 Introduction -- 2 Causes of Pollution -- 2.1 Natural Causes -- 2.2
 Anthropogenic Causes -- 3 Current Status of Pollution in Major Rivers
 -- 4 Impacts of Water Pollution -- 5 Strategies to Control Pollution -- 6
 Conclusion -- References -- Geochemistry and Mineralogy
 of Peninsular Indian River Sediments with Special Reference to Godavari
 and Krishna Rivers -- 1 Introduction -- 2 Geological Settings
 and Climate -- 3 Geochemistry -- 3.1 Major and Trace Elements -- 3.2
 Rare-Earth Elements -- 3.3 Strontium and Neodymium Isotopes -- 3.4
 Clay Mineralogy -- 4 Conclusions -- References -- Sand Mining:
 A Silent Threat to the River Ecosystem -- 1 Introduction.
 2 Factors Affecting Sand Mining -- 2.1 Civil Construction: The Major
 Driver of Sand Mining -- 3 Formation and Characteristics of River Sand
 -- 4 Monitoring of Sand Mining Activities -- 5 Impact of Sand Mining
 on the River Ecosystem -- 5.1 Morphology and Sediment Beds of Rivers
 -- 5.2 Impact on Water Quality and Aquatic Life -- 6 Remediation
 Alternatives -- 7 Summary -- References -- Comprehensive River
 Health Assessment System for Indian Rivers: A Case Study of Central
 Indian River Narmada -- 1 Introduction -- 2 River Health:
 An Integrative Approach -- 3 Assessment Methods -- 4 Towards
 Protection and Conservation of Fish Biodiversity -- 5 The Narmada
 Case Study -- 6 Results and Recommendations -- 7 Concluding
 Remarks Concerning Rivers of India -- References -- Assessment
 of Seasonal Variation in Water Quality of Gomti River, Jaunpur City,
 India -- 1 Introduction -- 2 Sample Station -- 3 Analytical Methods --
 4 Result and Discussion -- 4.1 Level of Water Parameter in Gomti River,
 Pre-monsoon, Jaunpur City -- 5 Calculation Water Quality Index (WQI)
 -- 6 Conclusion -- References -- Geomorphology of the Son River
 Basin, India Based on Remotely Sense Data: A Review -- 1 Introduction
 -- 2 Study Area -- 3 Result and Discussion -- 4 Summary
 and Conclusion -- References -- Role of Rivers in the Carbon Cycle
 and the Impact of Anthropogenic Activities -- 1 Introduction -- 2 River
 and Biogeochemical Linkages -- 2.1 Carbon as the Element -- 2.2
 Biogeochemical Processes of Carbon -- 2.3 Forms of Riverine Carbon

-- 3 Quantification of Carbon Transport by Rivers -- 3.1 Integrating the Rivers into the Carbon Budget -- 4 Impact of Human Activities -- 4.1 Deforestation -- 4.2 Urbanization -- 4.3 Burning of Fossil Fuels -- 4.4 Changing Land Use -- 4.5 Agricultural Soil Disturbances -- 4.6 Tropical Peatland Disturbances -- 4.7 Wetland Removal -- 5 Balance for Climate.

6 Conclusion -- References -- Decline of Dholavira Urban Settlement of Harappan Civilization in Kachchh was Associated with Global Climate Change Rather than the Decline of any Major Fluvial System -- 1 Introduction -- 2 Study Area and Quaternary Successions -- 3 Grain Size Analysis -- 4 Geochemistry and Chronology -- 5 Discussion -- 6 Conclusion -- References -- Ghaghara River: A Case Study of Flood in Uttar Pradesh by GIS-Based Technique -- 1 Introduction -- 2 Ghaghara River Valley in Uttar Pradesh -- 2.1 Sector A -- 2.2 Sector B -- 2.3 Sector C -- 3 Ghaghara Basin in Uttar Pradesh -- 4 Flooding in Ghaghara Basin (Uttar Pradesh) -- 5 Remote Sensing Satellite and GIS-Based Approaches -- 5.1 Rainfall Distribution -- 5.2 Slope Analysis -- 5.3 Drainage Density (Dd) -- 5.4 Soil Moisture -- 5.5 Area of Micro-watershed -- 5.6 Land Use-Land Cover (LULC) Analysis -- 5.7 Soil Texture -- 5.8 Multicriteria Analysis (MCA) -- 5.9 Flood Hazard Risk Zone -- 6 Discussions -- 6.1 Very Low and Low Flood Hazard Zone -- 6.2 Moderate Flood Hazard Zone -- 6.3 High Flood Hazard Zone -- 6.4 Very High Flood Hazard Zone -- 7 Conclusions -- References -- Flood Hydrology, Hydraulics and Hydrodynamics of the Tapi River, Western India -- 1 Introduction -- 1.1 Geomorphological and Hydrological Characteristics of the Tapi Basin -- 2 Flood Hydrology -- 2.1 Annual Flood Series Data and Analysis -- 2.2 Flood Regime Characteristics -- 2.2.1 Interannual Variability in Annual Peak Discharges -- 2.2.2 Average Magnitude and Variability of Floods -- 2.2.3 Skewness -- 2.2.4 Unit Discharges -- 3 Flood Hydraulics and Hydrodynamics -- 3.1 Change in the Width-Depth Quotient with Flows -- 3.2 Changes in Hydraulic Variables with Increasing Discharge -- 3.3 Hydraulic and Hydrodynamic Parameters of Floods -- 4 Summary and Conclusions -- References.

Geomorphological Analysis of the Ukhma River Basin from the Northern Foreland of Peninsular India -- 1 Introduction -- 2 Geology of the Area -- 3 Methodology -- 4 Results -- 4.1 Drainage Pattern and Morphometric Aspects -- 4.2 Linear Characteristics of the Basin -- 4.3 Areal Aspects of the Basin -- 4.4 Relief Aspects of the Basin -- 4.5 Lineaments Analysis -- 4.6 Longitudinal Profiles -- 4.7 Asymmetry Factor (AF) -- 5 Discussion -- 6 Conclusion -- References -- Index.
