

1. Record Nr.	UNINA9910845479603321
Autore	Capone Alessandro
Titolo	Philosophy, Cognition and Pragmatics // edited by Alessandro Capone, Pietro Perconti, Roberto Graci
Pubbl/distr/stampa	Cham : , : Springer Nature Switzerland : , : Imprint : Springer, , 2024
ISBN	9783031501098 3031501098
Edizione	[1st ed. 2024.]
Descrizione fisica	1 online resource (296 pages)
Collana	Perspectives in Pragmatics, Philosophy & Psychology, , 2214-3815 ; ; 34
Altri autori (Persone)	PercontiPietro GraciRoberto
Disciplina	401.45
Soggetti	Pragmatics Philosophy Linguistics Cognitive science Logic Cognitive Science Western Philosophy
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Pt. 1 - Philosophical approaches.-Chapter 1. Wayne Davis. "Cheap Propositions".-Chapter 2. Alessandro Capone. "On the distinction between reference and referential presupposition".-Chapter 3. Nathan Salmón. "Synonymy" -- Chapter 4. Nathan Salmón. "Sleeping Beauty: Awakenings, Chance, Secrets, and Video".-Chapter 5. Grace G. Campbell. "Situated Agency and Constitutive Moral Luck".-Chapter 6. Richard Warner. "Pragmatics and Semantics: Grice 1968, Schiffer 2015, Schiffer 1972".-Chapter 7. Denis Delfitto (Corresponding Author) and Maria Vender. "Puzzling data, beautiful computations: A new analysis of when 'or' means 'and'".-Chapter 8. Dennis Kurzon. "FAILED DIRECTIVES and FATAL COMMISSIVES. Speech act analysis of Oscar Wilde's Salome.- Pt. 2 - Inferential and cognitive pragmatics.-Chapter 9. Paola Radici Colace. "For a definition of hyperbola on the scene of ancient Greek theater: situations and lexicon" -- Chapter 10. Keith Allan. "The

semantics and pragmatics of names and naming” -- Chapter 11. Luigi Pavone. “An inscriptional account for mixed quotation” -- Chapter 12. Louise Cumming. “Cognitive Aspects of Pragmatics Disorders” -- Chapter 13. Caterina Scianna. “Irony as a complex social phenomenon”. -Chapter 14. Roberto Graci. “Exploring the neurological substrates of pragmatics: insights from neuroscience”.-Chapter 15. Daniele Panizza. “Presuppositions in indirect reports: a window into the semantics/pragmatics interface”.

### Sommario/riassunto

This book contains essential contributions to enrich and broaden the application field of pragmatics. It provides an example of how the fruitful reflections and refined conceptual distinctions born in the philosophical field can find a practical application in addressing social, cognitive, clinical, and psychological problems. Its chapters address, from different points of view, the relationship between pragmatic linguistics and philosophy, and outline the possible application of pragmatic theories to different domains. Developed during the third Pragmasophia international conference, whose name is derived from the Greek terms (action, fact) and (knowledge, science), the book aligns itself with its aim to study human actions and activities and how they take shape through language. But ‘Pragma’ and ‘Sophia’ also signal another purpose: highlighting the importance of creating links between empirical investigations on language use, and more traditional philosophical approaches. In this reading, ‘Pragma’ represents the experimental goal devoted to analysing and interpreting language facts. In contrast, the term ‘Sophia’ recalls the original vocation of past philosophers to pursue an ideal of ‘pure knowledge’, disconnected from any practical-economic interest. While maintaining the conference's original purpose of encouraging productive comparisons between different approaches, the book consists of two sections: first, on philosophical approaches, recalls more theoretical aspects (closer to the term ‘Sophia’); the second, ‘Inferential and Cognitive Pragmatics,’ addresses more practical issues affecting domains such as Greek literature, pragmatic disorders, dictionary entries, and speech analysis. The reader, whether in linguists, philosophy or psychology, obtains a complete overview of the most advanced current research lines, both theoretical and empirical, and thus contributes to broadening the scope of pragmatics.
