   Sommario/riassunto   This 4-volume CCIS post-conference set represents the proceedings of
                        the Second International Conference on Advances in Smart Computing
                        and Information Security, ASCIS 2023, in Rajkot, Gujarat, India,
                        December 2023. The 91 full papers and 36 short papers in the volume
                        were carefully checked and selected from 432 submissions. Various
                        application areas were presented at the conference, including
                        healthcare, agriculture, automotive, construction and engineering,
                        pharmaceuticals, cybercrime and sports.
