Sommario/riassunto	This book focuses on enhanced educator awareness of issues involving the status of the right to education as guaranteed by various legal systems throughout the world, in light of the growing interest in comparative and international studies, including the law. Consequently, this interdisciplinary, comparative book, which includes original chapters by leading academicians with expertise in law and education, is designed to serve as a resource for researchers in education and law as well as policymakers and students. To this end, the book provides

readers with an enhanced awareness of the nature of legal systems impacting education throughout the world. Education is the driving force of the world development as well as the basic way to realize human rights and values. At the same time, law plays an important role in the protection, evaluation, guidance, and promotion in the process of the development of education. The book thus has interdisciplinary appeal. Various audiences will find this highly accessible book informative and valuable, including scholars with an interest in Education Law, university faculty and classes (whether involved in teacher preparation or educational leadership), legal practitioners, and university libraries.
