

1. Record Nr.	UNINA9910861040903321
Autore	Shukla Ashutosh Kumar
Titolo	Spectroscopy and Machine Learning for Water Quality Analysis
Pubbl/distr/stampa	Bristol : , : Institute of Physics Publishing, , 2022 ©2021
ISBN	0-7503-4057-6
Edizione	[1st ed.]
Descrizione fisica	1 online resource (127 pages)
Collana	IOP Ebooks Series
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	Spectroscopy and sensor technology is routine in water quality evaluation, coupling with artificial intelligence is opening a new era of quality monitoring and predictive analysis. This book acquaints readers with recent advances and applications for sectors including environmental protection, industry, agriculture, and drinking water provision.
