## Sommario/riassunto

Color Atlas of Human Anatomy, Volume 2: Internal Organs For over 45 years, the three-volume Color Atlas of Human Anatomy has provided readers with a compact review of the human body and its structures. It is ideal for studying, preparing for exams, and as a reference. The new, 7th edition of Volume 2: Internal Organs builds on a robust foundation of scientific knowledge, summarizing in its compactness the macroscopic and topographic anatomy and the functions of the internal organs. Key highlights: Proven concept of concise texts paired with more than 200 color plates of outstanding anatomical illustrations Microscopic anatomy--if necessary for understanding the respective organ Organ functions are explained in connection with the embryological development of the organs, so many anatomical relationships can be better understood For numerous cross-sectional anatomical illustrations, corresponding CT and MRI images are provided, which helps with the application of anatomical knowledge in clinical practice Volume 2: Internal Organs is accompanied by Volume 1: Locomotor System (ISBN 978-3-13-242443-3) and Volume 3: Nervous System and Sensory Organs (ISBN 978-3-13-242451-7).

3. Record Nr.	UNISANNIOUBO2291387
Titolo	Der Handelsvertreter in den Landern der EWG und der EFTA / herausgegeben von Hans Jakob Maier, Hans Joachim Meyer-Marsilius und Rudolf Regul ; mit beitragen von Jorn Gallwitz ... [et al.]
Pubbl/distr/stampa	Baden-Baden, : Nomos, c1976
ISBN	3789001856
Descrizione fisica	404 p. ; 23 cm.
Collana	Schriftenreihe Europaische Wirtschaft ; 79
Disciplina	340
Soggetti	Diritto
Collocazione	D (AR) 10 120
Lingua di pubblicazione	Tedesco
Formato	Materiale a stampa
Livello bibliografico	Monografia
