urban transitions in Australia -- 21. Australian urban transport:
Generating solidarity in a landscape of crisis and change -- 22.
Inequality, sustainability, and public policy: Historical and spatial
perspectives -- Part 7: Conclusion -- 23. Australian urban policy
futures -- Index.

Sommario/riassunto

Urban Australia confronts numerous challenges in the 21st century:
climate change, housing, transport, greenspace, social inequality, and
governance, among them.
