	Sommario/riassunto	This book constitutes the refereed proceedings of the 14h International Symposium on Business Modeling and Software Design, BMSD 2024, which took place in Luxembourg, during July 1-3, 2024. The 13 full and 7 short papers included in this book were carefully reviewed and selected from a total of 54 submissions. BMSD is a leading international forum that brings together researchers and practitioners interested in business modeling and its relation to software design. Particular areas of interest are: Business Processes and Enterprise Engineering, Business Models and Requirements, Business Models and Services, Business Models and Software, Information Systems Architectures and Paradigms, Data Aspects in Business Modeling and Software Development, Blockchain-Based Business Models and Information Systems, IoT and Implications for Enterprise Information Systems. Each year, a special theme is chosen, for making presentations and discussions more focused, and in 2024 it is: Towards Socially
