The educational policies of the improvement of teachers' internationalization competence in China -- Chapter 7. The educational policies of foreign language teaching in China -- Chapter 8. The macro-landscape of internationalization of graduate education in China's universities.

Sommario/riassunto

This book comprehensively explores the internationalization of higher education in China from the aspects of both challenges and strategies. It analyzes the current educational policies of internationalization in China's higher education, such as the educational policies in running international schools, the educational policies of intercollegiate international exchange, the educational policies of Chinese-Foreign cooperatively run schools, and the educational policies of foreign teachers' professional development. Additionally, this book proposes specific suggestions to address the various problems of internationalization in China's higher education.
